Form	990 (2009) Page 2
Par	t III Statement of Program Service Accomplishments
1	Briefly describe the organization's mission: Regulators of the new home building industry in Ontario. Tarion licenses all new homes and condominum builders in the province and administer the New home warranty program to ensures that all new homeowners receives the
	New Home Warranty coverage entitled to by law.
2	Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ?
3	Did the organization cease conducting, or make significant changes in how it conducts, any program services?
4	Describe the exempt purpose achievements for each of the organization's three largest program services by expenses. Section 501(c)(3) and 501(c)(4) organizations and section 4947(a)(1) trusts are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported.
4a	(Code: 524298) (Expenses \$ 18,159,719 including grants of \$) (Revenue \$ 25,565,607) Home Enrolment fees
	Tarion ensures that all new homeowners receive the New Home Warranty Coverage that they are entitled to by law. New home enrolment fees from new home buyers in Ontario are invested and when required are used to settle claims from homeowners as a result of warranty breach by the builders.
4b	(Code: 524298) (Expenses \$ 2,063,853 including grants of \$) (Revenue \$ 2,543,539) Builder Registration & Renewal Fees
	All builders and vendors must be registered with Tarion in order to build or sell homes and condominiums legally
	in Ontario.
40	(Code:) (Expenses \$ including grants of \$) (Revenue \$)
	·
 A.4	Other program services (Describe in Schedule O.)
40	(Expenses \$ including grants of \$) (Revenue \$)
4e	Total program service expenses ► 20,223,572

Part VII Compensation of Officers, Directors, Trustees, Key Employees, Highest Compensated Employees, and Independent Contractors

Section A. Officers, Directors, Trustees, Key Employees, and Highest Compensated Employees

1a Complete this table for all persons required to be listed. Report compensation for the calendar year ending with or within the organization's tax year. Use Schedule J-2 if additional space is needed.

• List all of the organization's current officers, directors, trustees (whether individuals or organizations), regardless of amount of compensation Enter -0- in columns (D), (E), and (F) if no compensation was paid

• List all of the organization's current key employees. See instructions for definition of "key employee."

• List the organization's five current highest compensated employees (other than an officer, director, trustee, or key employee) who received reportable compensation (Box 5 of Form W-2 and/or Box 7 of Form 1099-MISC) of more than \$100,000 from the organization and any related organizations.

• List all of the organization's former officers, key employees, and highest compensated employees who received more than \$100,000 of reportable compensation from the organization and any related organizations.

• List all of the organization's former directors or trustees that received, in the capacity as a former director or trustee of the organization, more than \$10,000 of reportable compensation from the organization and any related organizations

List persons in the following order: individual trustees or directors; institutional trustees, officers; key employees; highest compensated employees; and former such persons.

Check this box if the organization did not compensate any current officer, director, or trustee.

SCHEDULE O⁺ (Form 990)

Department of the Treasury Internal Revenue Service

Supplemental Information to Form 990

Complete to provide information for responses to specific questions on Form 990 or to provide any additional information.

Attach to Form 990.

Name of the organization	Employer identification number						
Tarion Warranty Corporation	98 0197825						
Part 1-line 5, total number of employees at the end of December 31, 2009 is 233. Employment is filed through Revenue							
Canada and therefore none was transmitted through Form W-3, transmittal of wage and ta	ax statements.						
Part 5-line3b, Form 990-T was not file for Investment Income and Gain & Loss from sales.	Tarion is exempt under section						
501(c)(4). Tarion is not an organization liable for the proxy tax on lobbying and political e	expenditures, is not a college or						
university, for profit organization that is liable for corporate tax or recapture taxes, and ne	ot a fiduciary for trust.						
Part 6-line 19: Tarion makes available the annual Financial Statements on the Tarion web	site (www.tarion.com)						

For Privacy Act and Paperwork Reduction Act Notice, see the Instructions for Form 990. Cat No 51056K

TARION WARRANTY CORPORATION Management's Responsibility for Financial Reporting

Management is responsible for the integrity of the financial statements and operational information presented in this Annual Report. The financial statements have been presented in accordance with Canadian generally accepted accounting principles and reflect management's best estimates and judgments. Financial information presented elsewhere in the Annual Report is consistent with these financial statements.

Management maintains a system of internal controls, to provide reasonable assurance that all assets are safeguarded and to facilitate the preparation of relevant, reliable and timely financial information.

The external actuary who is appointed by the Board of Directors is responsible for ensuring that the assumptions and methods used in the determination of the warranty liabilities are in accordance with accepted actuarial practice.

External auditors have examined and reported on the annual financial statements.

The Audit Committee, consisting of non-executive directors, has reviewed these financial statements with management and the external auditors and has reported to the Board of Directors, which has approved the financial statements.

Auditors' Report

To the Directors of Tarion Warranty Corporation

We have audited the balance sheet of Tarion Warranty Corporation (the "Corporation") as at December 31, 2009 and the statements of operations, comprehensive results of operations, changes in equity and cash flows for the year then ended. These financial statements are the responsibility of the Corporation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Corporation as at December 31, 2009 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

ACTUARY'S REPORT

To the Directors of Tarion Warranty Corporation:

I have valued the warranty liabilities of **Tarion Warranty Corporation** for its Balance Sheet as at December 31, 2009 and their change in the Statement of Operations for the year then ended in accordance with accepted actuarial practice, including the selection of appropriate assumptions and methods.

In my opinion, the amount of the warranty liabilities makes appropriate provision for all warranty obligations, and the financial statements fairly present the results p f the valuation.

note James K. Christie Fellow, Canadian Institute of Actuaries

Notes to Financial Statements

December 31, 2009 (\$ thousands)

1. OPERATIONS OF THE CORPORATION

Tarion Warranty Corporation (the "Corporation") was designated in 1976 by the Government of Ontario to administer the Ontario New Home Warranties Plan Act (the "Act"). The objectives of the Act include consumer protection, builder regulation and providing consumers and builders with a broad range of services including information and education. The Corporation collects home enrolment and builder registration fees and invests available funds for the purposes of settling warranty claims from homeowners, and providing for investigation, enforcement, and other administrative costs related to its responsibilities in administering the Act. Warranty protection is outlined in the Act and includes providing a warranty to purchasers of new homes in respect of:

- loss of deposit if a builder cannot or will not complete the sale of a home, through no fault of the home buyer;
- specified construction and contractual warranties for defects in work or material; and
- the effects of delays in closing, under certain circumstances.

As a non-profit organization, the Corporation is exempt from income taxes.

2. BASIS OF PRESENTATION

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles ("GAAP"). In addition, although not required, the Corporation adopts certain guidelines issued by the Office of the Superintendent of Financial Institutions Canada ("OSFI") for property and casualty ("P&C") insurance companies in Canada. These guidelines are in accordance with GAAP.

The preparation of financial statements, in conformity with GAAP, requires management to make assumptions and estimates that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities as at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual amounts could differ from those estimates. The most significant estimation processes are related to the determination of warranty liabilities and the fair valuation of financial instruments.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Changes in accounting policies

Intangible Assets

The Canadian Institute of Chartered Accountants ("CICA") issued Section 3064 - Goodwill and Intangible Assets, replacing Section 3062 - Goodwill and Other Intangible Assets and Section 3450 - Research and Development Costs. Section 3064 establishes standards for the recognition, measurement, presentation and disclosure of goodwill and intangible assets. The Corporation adopted Section 3064 effective January 1, 2009. As a result of adopting this standard, the Corporation has reclassified \$1,513 of software and development net book value (2008 - \$2,064) from equipment and leaseholds to intangible assets. The adoption of Section 3064 did not have any impact on the Corporation's Statement of Operations.

Notes to Financial Statements

December 31, 2009 (\$ thousands)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Amendments to Section 3862 Financial Instruments – Disclosures (Section 3862)

In June 2009, the CICA amended Section 3862 to improve fair value and liquidity risk disclosures for financial instruments. The Section now requires classifying of fair value measurements using a three-level fair value hierarchy, described below, for disclosure purposes. Each level reflects the inputs used to measure the fair values of financial assets and financial liabilities:

- Level 1 inputs are unadjusted quoted prices of identical instruments in active markets.
- Level 2 inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs used in a valuation technique are based on unobservable market data.

The adoption of the amended Section 3862 had no impact on the Corporation's financial statements and the expanded disclosures are included in Note 6.

Credit Risk and the Fair Value of Financial Assets and Financial Liabilities (EIC-173)

Effective January 1, 2009, the Corporation adopted the CICA Emerging Issues Committee ("EIC") Abstract EIC-173, which provides additional guidance on how to measure financial assets and financial liabilities taking into account the Corporation's own credit risk and the counterparty credit risk. The adoption of EIC-173 did not have a significant impact on the Corporation's financial statements.

Financial instruments and Comprehensive Results of Operations

The Corporation designates and recognizes its financial instruments in accordance with the requirements of Section 3855 – *Recognition and Measurement*, Section 1530 – *Comprehensive Income*, and Section 3251 – *Equity*, as described below:

• Held for trading financial assets

Cash, bank overdraft and the fixed income portfolio investments are designated as held for trading financial assets and are measured at fair value with gains and losses, including interest earned, recorded in the Statement of Operations. Transaction costs are recognized in the Statement of Operations as incurred.

• Available for sale financial assets

The equity portfolio investments are designated as available for sale financial assets and are measured at fair value with unrealized gains and losses recognized in the net unrealized gains (losses) on equity portfolio in the Statement of Comprehensive Results of Operations. Accumulated net unrealized gains (losses) in the equity portfolio ("AUGL") form part of the Equity on the Balance Sheet. The cumulative changes in the fair value of available for sale securities are removed from the AUGL and recorded in the Statement of Operations when the underlying security is either sold or there is a decline in value that is considered to be other than temporary. Available for sale assets are assessed on an individual security basis at each balance sheet date to determine whether there is objective evidence of impairment. If there is objective evidence of impairment and the decline in fair value is other than temporary, the accumulated loss is removed from the AUGL in the Balance Sheet equity section and recognized in the Statement of Operations.

Notes to Financial Statements

December 31, 2009 (\$ thousands)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Transaction costs are added to the fair value of the available for sale financial assets at acquisition.

• Held to maturity financial assets

No financial assets are designated as held to maturity.

- -

• Loans and receivables

Amounts recoverable from builders are designated as loans and receivables. The carrying value is based on management's best estimate of the recoverable value determined by considering past collection experience, the amount of security held and the existence of guarantees. Where there is evidence that there is impairment in these amounts, the impairment charge is recognized in the Statement of Operations to reduce the carrying value of the financial assets to their recoverable amounts.

• Other financial liabilities

.

Accounts payable and accrued liabilities, and funds held as security, are designated as other liabilities and are measured at amortized cost using the effective interest method.

The warranty liabilities are specifically excluded from the financial instruments accounting standards.

-- -

Revenues recognition

Home enrolment fees are remitted by builders during the year. These fees, net of refunds, are deferred and taken into revenues as earned based on expected claims experience over the warranty period. The deferred portion of home enrolment fees is included in warranty liabilities. If claims experience indicates that home enrolment fees collected will not be sufficient to discharge related liabilities, a provision for premium deficiency is included in the warranty liabilities.

Builders' registration fees are recorded as revenues upon registration and renewal fees are recorded as revenues in the year in which they are due.

Dividend income is recognized as of the ex-dividend date. Interest income is recognized as earned. Net realized gains or losses on investments are recognized on a trade date basis. Unrealized gains or losses based on the fair value in effect at the balance sheet date on held for trading financial assets are recognized in investment income. Unrealized gains or losses on available for sale financial assets are recognized in the Accumulated net unrealized gains (losses) in the equity portfolio until they are realized or until they are considered "other than temporarily" impaired, at which time the losses are charged to the Statement of Operations.

Warranty liabilities

The warranty liabilities include deferred home enrolment fees and warranty claims liabilities. Deferred home enrolment fees represent the unearned portion of home enrolment fees remitted by builders. Warranty claims liabilities include estimates of costs for claims reported and in process, and provisions for claims incurred but not yet reported at the balance sheet date where it is anticipated that costs will be incurred by the Corporation.

Notes to Financial Statements

December 31, 2009 (\$ thousands)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The warranty period spans seven years and significant periods of time can elapse between the incurrence of claims liabilities and their settlement. Accordingly, the estimation of the liabilities involves significant measurement uncertainty.

The liabilities are discounted to reflect the investment income expected to be earned over the period between the incurrence and settlement of claims. The discount rate reflects the expected future yield from the fixed interest investments. Provisions for adverse deviation are added to allow for the inherent measurement uncertainty that arises because actual investment yields may differ from the discount rate; because the actual settlements may occur at amounts that differ from expected settlement amounts; and because the timing of settlements may differ from expected timing.

Claims incurred include claims recoveries and changes in the provisions for claims reported and in process and for claims incurred but not yet reported.

Claims recoveries include expected recoverable from builders on claims incurred during the current year and change in the estimate of amounts recoverable from builders from prior years. Estimated amounts recoverable from builders are presented on the balance sheet as an asset of the Corporation.

Equipment and leaseholds

Equipment and leaseholds are recorded at cost less accumulated depreciation and amortization. Depreciation and amortization are provided at the following rates and bases:

Computer equipment	- straight-line over four years
Computer equipment acquired	
under capital lease	 straight-line over four years or the term of lease if shorter than four years
Furniture and office equipment Leasehold improvements	 20% declining balance straight-line over the term of the lease
Leasenoid improvements	- straight-fine over the term of the lease

Intangible assets

Intangible assets are amortized on a straight line basis over three years.

Employee future benefits

The Corporation accrues its obligations under employee benefit plans and the related costs, net of plan assets. The cost of pensions and other post-employment benefits earned by employees is actuarially determined using the projected benefit method pro-rated on service and management's best estimates of expected plan investment performance, salary escalation, retirement ages of employees and expected health care costs. For the purpose of calculating the expected return on plan assets, those assets are valued at fair value. Past service costs from plan amendments are amortized on a straight-line basis over the average remaining service periods of eligible employees active at the date of amendment.

Currency translation

Monetary assets and liabilities denominated in a foreign currency are translated into Canadian dollars at the period-end rate. Revenue and expense items in a foreign currency are translated into Canadian dollars at the transaction date rate.

Notes to Financial Statements December 31, 2009 (\$ thousands)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Future accounting changes

International Financial Reporting Standards

Canadian publicly accountable enterprises and certain Government business enterprises are required to adopt International Financial Reporting Standards ("IFRS") for fiscal years beginning on or after January 1, 2011, with fiscal 2010 IFRS comparatives. The objective of the change is to move toward the use of a single set of world-wide accounting standards to facilitate and improve the comparability of financial statements globally. Although there are many similarities between Canadian GAAP and IFRS, there are some significant GAAP differences which may impact the Corporation's financial statements.

The Corporation's project to transition to IFRS on January 1, 2011 is underway.

4. AMOUNTS RECOVERABLE FROM BUILDERS

The amounts recoverable from builders is comprised of two types of receivables: the estimated amounts recoverable from builders in respect of outstanding warranty claims recognized under the warranty liabilities; and other receivables from builders representing the estimated realizable value of receivables from builders for warranty claims that the Corporation has paid out on the builder's behalf during the remediation process.

		C	2008 Carrying Value		
Amounts recoverable from builders	\$	8,853	\$	7,218	
Other receivables from builders		2,760		4,085	
	\$	11,613	\$	11,303	

As at December 31, 2009, of the total amounts recoverable from builders, the balance greater than 30 days past due is \$2,187 (2008 - \$3,570) and is not considered to be impaired.

As described in Note 6(c), the Corporation obtains security from builders to minimize its financial losses from future warranty claims. At December 31, 2009, there is \$4,254 (2008- \$4,105) of security held associated with amounts recoverable from builders.

5. INVESTMENTS

(a) Fair value of investments:

The Corporation has designated the fixed income portfolio as held for trading financial assets and the equity portfolio as available for sale financial assets. Both classes of assets are reported at fair value on the Balance Sheet.

Notes to Financial Statements

December 31, 2009 (\$ thousands)

5. INVESTMENTS (continued)

The following table discloses details of the fair value of the Corporation's investment portfolio as at December 31:

-	2009 Fair Value			2008 Fair Value
Held for trading assets				
Bonds issued by federal, provincial				
and municipal governments	\$	108,507	\$	91,987
Financial institution bonds		30,049		35,663
Other corporate bonds		71,577		76,153
Treasury bills		12,297		11,814
		222,430		215,617
Available for sale assets				
Equity portfolio		90,011		77,920
	\$	312,441	\$	293,537
(b) Investment income:		2009		2008
Change in fair value on held for trading assets		\$ 16,341		\$ 13,736
Net realized gains on sale of available for sale assets		1,849		3,550
Writedown on available for sale assets		(2,578))	(4,125)
Dividends from available for sale assets		2,512		2,313
Interest expense - other financial liabilities		(355))	(1,195)

(c) Impairment of available for sale assets:

In determining whether an impairment is to be recognized, management considers factors including the extent of the unrealized losses, the length of time that the investment has been in an unrealized loss position, the financial condition and near-term prospects of the issuer.

\$ 17,769

14,279

\$

As of December 31, 2009, the available for sale equity portfolio was written down by \$2,578 (2008 - \$4,125). The remainder of the unrealized losses in the portfolio of \$258 (2008 - \$6,447) was recorded in the accumulated net unrealized gains in the equity portfolio on the Balance Sheet as management determined these unrealized losses are temporary in nature or not significant. Management evaluates the impairment condition of all holdings on a quarterly basis to assess for any potential impairment write downs required.

Notes to Financial Statements

December 31, 2009 (\$ thousands)

6. FINANCIAL INSTRUMENTS

(a) Fair value

Fair value represents the amount that would be exchanged in an arm's length transaction between knowledgeable and willing parties who are under no compulsion to act. The Corporation's cash and investments are measured at fair value. The carrying value for funds held as security and, accounts payable and accrued liabilities approximates fair value due to their short term nature.

The fair value of the amounts recoverable from builders is not disclosed as the fair value cannot be measured reliably; there is no external active market for this type of asset and the inputs required to value these are not easily determinable.

Fair value hierarchy

The fair value for both held for trading and available for sale assets are based on quoted bid prices in active markets and include accrued interest and dividends, respectively. The fair value of bonds and equities denominated in foreign currencies is translated into Canadian dollars at the exchange rate in effect at December 31. The following table presents the financial instruments measured at fair value classified by the fair value hierarchy set out in Section 3862 as described in Note 3:

		2008		
Level 1 Categorization				
Cash (Bank Overdraft)	S	2,851	\$	(439)
Equity Portfolio		90,011		77,920
Level 2 Categorization				
Treasury Bills / Debit Notes		12,297		11,814
Bonds		210,133		203,803
Level 3 Categorization		-		-
Total	S	315,292	\$	293,098

During the year ended December 31, 2009, there were no transfers among Levels 1, 2 and 3.

(b) Market risk

To manage the risks in the investment portfolio, management regularly monitors the performance of investment managers who are required to operate within specific investment criteria related to credit quality, diversification and to maximize yield within those constraints.

Market risk is comprised of three risks that may impact the fair value of a financial instrument as described below.

• Interest rate risk

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates. The Corporation is exposed to interest rate risk on its fixed income portfolio and its funds held as security. Details of the Corporation's fixed income portfolio with interest rate exposure are disclosed in Note 5(d).

Notes to Financial Statements

December 31, 2009 (\$ thousands)

6. FINANCIAL INSTRUMENTS (continued)

• Equity price risk

Equity price risk is the risk that the value of a financial instrument will fluctuate due to changes in equity markets. The Corporation is exposed to equity price risk on its equity portfolio. The Corporation's equity portfolio is diversified and invested in well established, active, liquid markets.

	 2009	<u> </u>	2008			
Financials	\$ 24,472	27%	\$	19,749	25%	
Energy	19,834	22%		16,812	22%	
Pooled Funds	14,215	16%		11,790	15%	
Consumer Staples	6,888	8%		7,594	10%	
Consumer Discretionary	6,167	7%		5,192	7%	
Industrials	6,068	7%		4,958	6%	
Telecommunication	4,586	5%		4,115	5%	
Metals & Mining	2,441	2%		3,057	4%	
Materials	2,315	2%		2,140	3%	
Information Technology	1,475	2%		748	1%	
Health Care	980	1%		1,010	1%	
Utilities	570	1%		755	1%	
Total:	\$ 90,011	100%	\$	77,920	100%	

• Foreign currency risk

Foreign currency risk is the risk of loss due to adverse movements in foreign currency rates versus the Canadian dollar. The Corporation is exposed to currency risk on its foreign currency denominated fixed-income and equity investments. As at December 31, 2009, the Corporation had approximately 11.0% (2008 – 11.1%) of the fair value of its equity investments and approximately 0.01% (2008 – 0.02%) of the fair value of its securities with interest rate exposure denominated in U.S. dollars. The Corporation manages its foreign currency exposure by limiting the foreign content in each investment manager's portfolio.

Notes to Financial Statements

December 31, 2009 (\$ thousands)

6. FINANCIAL INSTRUMENTS (continued)

The table below shows the potential impact on the Statement of Operations and Balance Sheet equity as a result of specific stress scenarios applied to financial assets and financial liabilities (excluding warranty liabilities). The analysis reflects management's view of key sensitivities. The actual results may differ from this sensitivity analysis and the difference could be material.

The stress scenarios are:

- Interest rate risk: a parallel shift of -25/+50 basis points in interest rates for all maturities
- Equity price risk: an increase/decrease of 10% in equity market prices
- Foreign currency risk: a strengthening/weakening of 5% in Canadian dollars relative to US dollars

		Interest 1	Rate Risk	Equity Pr	ice Risk	Foreign Exchange	
		-25 BP	+50 BP	-10%	10%	-5%	5%
	Carrying amount (\$'000)	Stmt of Operations (\$'000)	Stmt of Operations (\$'000)	Equity (\$000)	Equity (\$000)	Equity (\$°000)	Equity (\$*000)
Financial Assets							
Held for Trading investments	222,430	3,905	(5,637)	-	-	-	-
A vailable for Sale investments	90,011	-	-	(8,969)	8,969	520	(470)
Financial Liabilities							
Funds held as security	36,959	92	(185)	-	-	-	-

For the above scenarios, we have assumed that interest rates, equity prices, and currency moved independently.

(c) Credit risk

Credit risk arises from the possibility of financial loss occurring as a result of a default by a counterparty on its obligation to the Corporation. Financial instruments that potentially subject the Corporation to concentrations of credit risk consist of cash, investments and amounts recoverable from builders. The carrying value of financial assets, including cash, investments and amounts recoverable from builders, represents the maximum credit exposure. The Corporation has adopted the following strategies to mitigate this risk:

 The Corporation's investment policies limits the concentration in any one investee or related group of investees, except for financial instruments issued by the Government of Canada for which there is no limit.

The Corporation only deals with counterparties believed to be creditworthy and actively monitors credit exposure, requiring minimum credit ratings of "A" for debt securities at the time an investment is purchased. At December 31, 2009, 99.4% (2008 - 100%) of the debt securities have a rating of "A" or better, and 0.6% (2008 - Nil) of the debt securities have a rating of BBB.

Notes to Financial Statements

December 31, 2009 (\$ thousands)

6. FINANCIAL INSTRUMENTS (continued)

- Cash and short-term investments are placed with governments, well-capitalized financial institutions and other creditworthy counterparties.
- The Corporation assesses the builder's risk profile including financial health during the registration and renewal processes. Based on the assessment, a builder may be licensed and as disclosed in Note 9, security is obtained in the form of cash, letters of credit, and other guarantees from the builder in order to reduce the risk of financial loss related to future warranty claims from homeowners.

(d) Liquidity risk

Liquidity risk is the risk that the Corporation will encounter difficulty in meeting obligations associated with financial liabilities. The Corporation is exposed to daily cash requirements from settlement of claims, operating expenses and cash security releases. The settlement of claims have no fixed terms and is dependent on the timing of the repair work involved and the cash security release has no fixed terms and is contingent upon fulfilment of certain requirements (see Note 10). Liquidity risk is considered low as a significant percentage of the investment portfolio is traded in an active market and can be readily disposed of. The Corporation also has a \$3,000 (2008 - \$3,000) line of credit it can draw on of which the amount outstanding at December 31, 2009 is Nil (2008 - \$651).

	 2009						2008		
	 Cost	Depr	umulated eciation/ ortization	Net Book Value		Net Book Value			
Equipment and Leaseholds:									
Computer and office equipment									
under capital lease	\$ 2,188	\$	1,198	\$	990	\$	1,239		
Leasehold improvements	3,046		1,350		1,696		1,795		
Computer equipment	1,395		1,258		137		149		
Furniture and office equipment	1,544		954		590		724		
	\$ 8,173	\$	4,760	\$	3,413	\$	3,907		

7. EQUIPMENT AND LEASEHOLDS

The total depreciation and amortization expense for the year ended December 31, 2009 was \$1,180 (2008 - \$1,400).

The balance of the capital lease obligations arising from the acquisition of certain computer and office equipment was \$991 at December 31, 2009 (2008 - \$1,256). This obligation is reported on the Balance Sheet in accounts payable and accrued liabilities. Interest expense of \$165 was incurred during 2009 (2008 - \$203) on the capital leases which is reported in general and administrative expenses in the Statement of Operations.

Notes to Financial Statements

December 31, 2009 (\$ thousands)

8. INTANGIBLE ASSETS

The Corporation's intangible assets are comprised of externally purchased software and applications and internally developed software enhancements.

	2009							2008	
		Cost		Accumulated Depreciation/ Amortization		Net Book Value		Net Book Value	
Finite-life Intangible Assets: Software and applications	\$	5,569	\$	4.880	\$	689	\$	713	
Internal software enhancements	.9	4,614	9	3,790	J	824	φ	1,351	
	\$	10,183	\$	8,670	\$	1,513	\$	2,064	

The amortization of intangible assets recorded in operating expenses during the year ended December 31, 2009 was \$1,135 (2008 - \$1,116). There were no write-downs of intangible assets due to impairment during 2009 and 2008.

9. WARRANTY LIABILITIES

The determination of the Corporation's warranty liabilities, which include deferred home enrolment fees and warranty claim liabilities, is dependent on the Corporation's claims handling practices, on actuarial assessments, on the judgment of its management, on historical precedents and trends, on prevailing legal, economic, social and regulatory environments and on expectations of future developments. Periodic reviews are performed by management and reviewed by the Corporation's appointed actuary to assess whether warranty claims liabilities recorded for homes and condominiums, and deferred home enrolment fees are adequate relative to future claims and related administration costs to administer claims.

In general, the longer the period of time between the incidence of loss and the settlement of the related claim, the greater the potential for actual settlement amounts to differ from the recorded estimates. Actual settlements may also differ significantly from the estimates of these liabilities due to the measurement uncertainty involved in establishing assumptions for such variables as future rates of claim frequency, severity, inflation, the ability of builders to fulfill their obligations to home buyers, recoveries from builders and administrative costs.

Notes to Financial Statements

December 31, 2009 (\$ thousands)

9. WARRANTY LIABILITIES (continued)

The following table summarizes the components of the warranty liabilities as at December 31.

	2009	2008
Deferred home enrolment fees, beginning of year	\$ 95,253	\$ 91,466
Fees received	33,885	33,905
Fees earned	(29,183)	(30,118)
Deferred home enrolment fees, end of year	99,955	95,253
Warranty claims liabilities, beginning of the year	73,675	51,202
Provisions for claims, net of reversals	11,616	36,496
Claims paid	(20,995)	(14,023)
Warranty claims liabilities, end of year	64,296	73,675
Warranty liabilities, end of year	\$ 164,251	\$ 168,928

The following table summarizes the components of net claims incurred presented in the Statement of Operations:

	2009		2008		
Provisions for claims, net of reversals	\$ 11,616	\$	36,496		
Less recoveries	(8,521)	_	(10,232)		
Net claims incurred for the year	\$ 3,095	\$	26,264		

10. FUNDS HELD AS SECURITY

The Corporation receives security in the form of cash, letters of credit and other guarantees, from builders in order to reduce the risk of financial loss related to future warranty claims from homeowners. The funds held as security do not have any fixed contractual maturities and are to be returned to the builders or released only upon satisfactory completion of certain requirements, such as there being no or minimal deposit or financial loss risk and the completion of outstanding warranty obligations under the Ontario New Home Warranties Plan Act, the timing of completion of which cannot be reasonably estimated.

Security received in cash is invested as part of the Corporation's investment portfolio. The Funds held as security presented on the Balance Sheet as a liability are the potentially refundable security deposits received in cash, including cumulative accrued interest thereon of \$1,917 (2008 - \$2,499). Letters of credit and other guarantees are recognized in the financial statements only to the extent they are expected to be drawn upon to settle known claims. Such amounts are included in amounts recoverable from builders in the Balance Sheet (Note 4).

During the year, the Corporation incurred interest of \$355 (2008 - \$1,195) on cash security deposits.

Notes to Financial Statements

December 31, 2009 (\$ thousands)

11. EMPLOYEE FUTURE BENEFIT PLANS

The Corporation's Pension Plan is comprised of a defined benefit pension plan which is closed to further contributions, and a money purchase pension plan. The money purchase pension plan ("MPP") is open to all full-time employees of the Corporation, subject to meeting certain eligibility conditions. Under the terms of the MPP, employees contribute a percentage of eligible employee earnings per year. The Corporation makes contributions for each contributing employee in amounts that vary dependent upon the employee's age and the number of years of eligible service.

In addition, the Corporation provides other post-employment benefits ("OPEB"), primarily various health and dental coverages, on an unfunded basis.

The Corporation has a December 31 measurement date. A valuation of the accrued pension benefit obligation was performed as at January 1, 2008, and a valuation of the OPEB was performed as of December 31, 2008. The next valuation of the accrued pension benefit obligation is expected to be performed as at January 1, 2011 and the valuation of the OPEB will be performed as at December 31, 2011.

As at December 31, 2009, the fair value of the pension fund assets is 14,557 (2008 - 11,720), which is less than (2008 – greater than) the actuarial present value of accrued pension benefits for the Pension Plan estimated to be 14,686 (2008 - 11,661). The accrued pension liability is 319 (2008 - 368).

The accrued benefit liability for OPEB at December 31, 2009 is \$2,053 (2008 - \$1,619).

Other information about the Corporation's Pension Plan and OPEB is as follows:

	2009			2008					
		Pension Plan		OPEB		Pension Plan		OPEB

The total cash paid or payable in 2009 was \$951 (2008 - \$970).

Notes to Financial Statements

December 31, 2009 (\$ thousands)

11. EMPLOYEE FUTURE BENEFIT PLANS (continued)

Significant Assumptions

	2009		200	8
	Pension		Pension	
	Plan	OPEB	Plan	OPEB
Accrued benefit obligation as of December 31				
Discount rate	6.50%	6.50%	7.25%	7.50%
Salary increase	4.00%	N/A	4.00%	N/A
General inflation	2.50%	2.50%	2.50%	2.50%
Benefit cost for the period:				
Discount rate	7.25%	7.50%	5.50%	5.50%
Salary increase	4.00%	N/A	4.00%	N/A
General inflation	2.50%	2.50%	3.00%	3.00%
Assumed health care cost trend rates at December 3	1			
Initial health care cost trend rate		8.00%		8.50%
Cost trend rate declines to		5.00%		5.00%
Year that the rate reaches the rate it is assumed to	remain at	2016		2016

Sensitivity analysis for OPEB

Assumed health and dental care cost trend rates have a significant effect on the amounts reported for the health and dental care plans. A 1% change in assumed health and dental care cost trend rates would have the following impact on the Employee future benefits liabilities and the related costs for 2009:

2009				1% cl	hang	e
		Valuation Assumptions		Increase		crease
Total of service and interest cost at 7 5% per annum	\$	348	\$	92	\$	(67)
Accrued benefit obligation as at December 31, 2009 at 6.5% per annum	\$	2,954	\$	688	\$	(525)
2008				1% c	hang	e
		Valuation Assumptions	Inc	rease	De	crease
Total of service and interest cost at 5 5% per annum	\$	400	\$	121	\$	(89)
Accrued benefit obligation as at December 31, 2008 at 7 5% per annum:	\$	2,165	\$	442	\$	(344)

12. CAPITAL MANAGEMENT

The Corporation's capital consists of the surplus and accumulated net unrealized gains (losses). Although there is no external regulatory requirements imposed on the Corporation's capital, management has adopted a capital management framework modeled after the framework used in the P&C insurance industry and modified to reflect the Corporation's circumstances including its inability to raise capital in traditional ways. This framework incorporates the business requirements for sufficient capital throughout the variations of the new home building cycle, including possible losses from a future catastrophic event. It also reflects the relatively high risk profile of the Corporation's warranty operations, including the high level of measurement uncertainty inherent in its warranty liabilities due to the long warranty period of up to seven years and to other factors explained in Note 9.

Notes to Financial Statements

December 31, 2009 (\$ thousands)

12. CAPITAL MANAGEMENT (continued)

In applying the framework, the total equity of the Corporation as at December 31, 2009 and 2008 has been determined to be sufficient to cover possible losses from a future catastrophic event as determined by the dynamic capital adequacy testing performed by the Corporation's external actuary in 2008. The next dynamic capital adequacy test will be performed in 2010.

13. CONTINGENCIES, COMMITMENTS AND GUARANTEES

In the normal course of business, the Corporation is a party to a number of lawsuits as the administrator of the Ontario New Home Warranties Plan Act. To the extent that lawsuits relate to disputes of warranty coverage, provisions for loss are included in the warranty liabilities on the Balance Sheet. Other lawsuits are at various stages of legal proceedings, the outcome of which are currently not determinable and are not expected to have a significant impact on the Corporation's financial position.

As at December 31, 2009, the Corporation has future minimum annual lease payments under operating leases for each of the next five years and thereafter as follows:

	 Premises Leases		mputer l Office lipment eases	Total Leases		
2010	\$ 755	\$	622	\$	1,377	
2011	742		395		1,137	
2012	738		213		951	
2013	739		100		839	
2014	748		-		748	
2015 and thereafter	 1,319		-		1,319	
	\$ 5,041	\$	1,330	\$	6,371	

In the normal course of operations, the Corporation executes agreements that provide for indemnification to third parties in transactions such as service agreements, leases and purchases of goods. Under these agreements, the Corporation agrees to indemnify the counterparty against loss or liability arising from the acts or omissions of the Corporation in relation to the agreement. In addition, the Corporation has also agreed to indemnify its directors and certain of its officers and employees in accordance with the Corporation's by-laws.

These indemnification provisions will vary based on the nature and terms of the agreements. The nature of these agreements precludes the possibility of making a reasonable estimate of the maximum potential amount the Corporation could be required to pay as the agreements often do not specify a maximum amount and the amounts are dependent on the outcome of future contingent events, the nature and likelihood of which cannot be determined. Historically, the Corporation has not made significant payments under such indemnification agreements. No amounts have been accrued related to these agreements.

Notes to Financial Statements

December 31, 2009 (\$ thousands)

14. RELATED PARTY TRANSACTIONS

In the ordinary course of business, the Corporation provides a broad range of services to home owners and builders based on its mandate to administer the Act. Accordingly, the Corporation may enter into transactions with builders related with the Corporation's Board of Directors through a relationship of principal, director, officer and/or guarantor.

As at December 31, 2009 and 2008, there are no collection and litigation account receivables and cash securities recognized due from related parties. Letters of credit and other guarantees lodged by related parties are recognized in the financial statements only to the extent they are expected to be drawn upon to settle known claims.

15. SUBSEQUENT EVENT

The Pension Plan assets are invested solely in a unitized fund. During the year a project was undertaken to change the money purchase pension plan so that employees will be able to choose their investments from a predetermined basket of funds. The project is ongoing and the implementation is planned for the fall of 2010.

16. COMPARATIVE AMOUNTS

As described in Note 3 under changes in accounting policies, the intangible assets comparative amounts have been reclassified to conform to the presentation adopted in 2009.
